DIGGA

Digga Pallet Forks - The safest on the market

Unique to Digga, new floating tyne design with lockable tyne position offers unrivalled Australian made quality and safety for multifit skid steer loaders. Available in 1500kg and 1800kg lifting capacities

Safety guard folds down for compact storage

Machine Entry Step
Can be mounted on either side

TYNE BAR LOCKING SYSTEM

Easy width adjustment with lockable tyne positions
(PATENT PENDING)

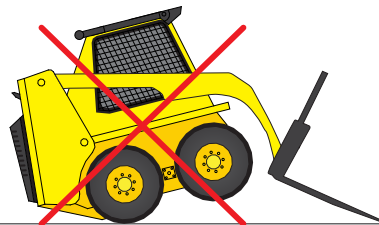

Tynes load rating tested to ISO 2330 Standards

Heavy duty, Quality Australian made frame with added stability for easy connection to your machine.

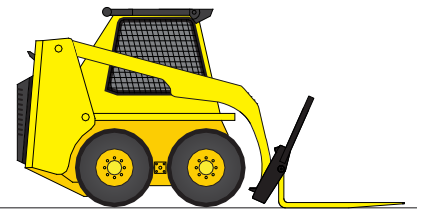

FLOATING TYNE DESIGN

A floating tyne design offers unparalleled safety for skid steer loaders. Unlike forklifts, skid steers are able to crowd their pickup past horizontal allowing the machine to be placed in an unsafe position which could cause it to tip over. Digga's pallet fork design allows the tynes to swing freely from a single fixed point ensuring load and operator safety. Furthermore the design prevents the machine's weight to be placed on the tynes which could cause them to break.

FIXED TYNE PALLET FORKS

DIGGA FLOATING PALLET FORKS

IF YOU CARE ABOUT SAFETY THEN A FLOATING TYNE DESIGN IS THE ONLY SAFE CHOICE FOR SKID STEER LOADERS
